

VisiCore

MEET VIZZY

Your AI. Your Splunk. Your Cribl. Actually connected.

VisiCore's AI harness for Splunk and Cribl. Ask in plain English. Vizzy works in your live environments — and every action is a ticket.

HOW VIZZY WORKS

WHY CONNECTION MATTERS

-  **Discovery, not guesswork**
-  **Guardrails on every change**
-  **Your keys, your choice**
-  **Cross-platform correlation**
-  **Ingest and license visibility**
-  **A human-readable trail**

SELF-PACED

CLI

Modular CLI tools for Splunk and Cribl — Cloud and Enterprise.
